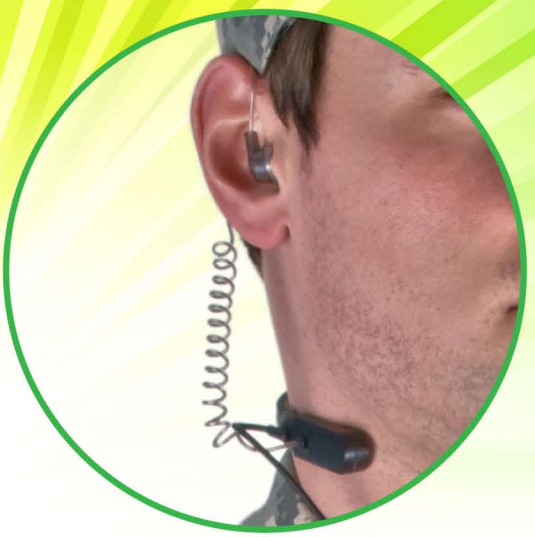
SPECIAL FORCES HEAD SET

XB-SFH

FOR XBOX 360



Communicate with precision and style with the Special Forces Headset for XBox 360® from CTA Digital. What makes this headset unique is its throat microphone, which is sensitive enough to pick up a whisper yet clear enough for everyone to hear you in the game environment. The Special Forces Headset also features an inline remote, which has volume control as well as a mute switch, so you can talk without other gamers hearing you. This is perfect for covert tactical operations in first person shooting games such as Call of Duty: Black OPS™, or Gears of War 3 ™. The in-ear speaker allows you to hear other players clearly and distinctly, while you can also hear gameplay coming from the TV. To use the headset simply plug it into the XBox 360® controller and you're good to go! The comfort and accuracy of the Special Forces Headset from CTA Digital makes it a must have for all tactical war game and first person shooter enthusiasts.

Features:
- Powered by the XBox 360® controller.
- Secret Service like covert styling.
- The inline remote has volume control and a mute switch.

Specifications:
- Frequency Response: 20-20,000 Hz
- The throat microphone provides clear voice transmission without ambient noise.
